

E.FLEX 21

Portable Solar Panel

RENOGY E.FLEX 21 PORTABLE SOLAR PANEL

With an energy conversion efficiency of up to 22%-25%, the Renogy E.FLEX 21 Portable Solar Panel utilizes sunlight and transforms it into usable electric currents for powering your essential electronics. Our latest iSolar technology and auto-optimization functions are integrated to provide a safe and effortless charging experience.

KEY FEATURES

-  **Optimized Charging**
Advanced iSolar technology enables the fastest charging speed possible and protects your device from over heating.
-  **Highly Efficient**
Utilizes sunlight to the maximum extent with premium solar panels and has an adjustable nylon kickstand.
-  **Top-Notch Quality**
Water-resistant and rugged nylon offers great durability to conquer unpredictable weather conditions.
-  **Effortless Reconnecting**
Auto-optimization function guarantees immediate reconnecting when the sunlight returns after a charging interruption.
-  **Portable Size**
Foldable design for portability in your backpack, tote and suitcase for outdoor activities.

2 USB Ports

Charge Time :

Smart Phone: 2 -4 hours

Tablet: 4-6 hours

Action Cam: 2 -4 hours

Disclaimer: This product does not come with a built-in battery. Charge time is based on ideal sunlight conditions and appropriate ambient temperature.

Specifications

Model	R-SC001
Dimensions (Unfolded)	18.74 x 11.4 inch / 47.5 x 28.95 cm
Dimensions (Folded)	11.4 x 6.22 inch / 28.95 x 15.8 cm
Weight	1.2 lbs / 546 g
Rated Power	21W
Output	2 x USB Ports 5V / 4.2A Total
