

PHOENIX 300 POWER STATION

RENOGY PHOENIX 300 POWER STATION

With an impressive capacity of 337Wh, the Renogy PHOENIX 300 Power Station is one of the smallest and lightest rechargeable AC power supplies in its class! High energy density battery cells and a compact design make it all possible. Multiple output ports allow you to power an extensive range of devices and appliances at the push of a button – quickly and safely. And powerful LED flashlights on both sides of the PHOENIX 300's folding carrying handle will light your way in the darkness.

KEY FEATURES

Revolutionary Speed

The PHOENIX 300's USB-C port features a Power Delivery (PD) technology that can pump out up to 60W power to compatible devices. Quick Charge (QC) technology allows for up to 18W of output power from the USB-A port.

Versatile Powering Options

The PHOENIX 300 is equipped with multiple commonly used output ports to power essential gadgets and small appliances, while a D-Tap port is at the ready for your photography and videography equipment.

Pure Sine Wave

Produce clean, silent, and stable AC power up to 200W with the pure sine wave inverter to power delicate electronic devices efficiently and safely.

Ultimate Safety

The battery management system (BMS) commands voltage control, temperature control, short circuit protection, and overcurrent protection to keep both the power station and your devices safe from damage.

Specifications

General

Weight	6.4 lb. / 2.9 kg
Dimension	7.1 x 6.1 x 5.6 inch / 18.1 x 15.5 x 14.3 cm
Material	ABS + PC
Battery Type	Lithium-ion
Battery Capacity	23400mAh/337Wh, 14.4V
Flashlight	2 x 1.6W LED

Output

AC Outlet (2)	110V/60Hz or 220V/50Hz, 200W Rated
QC USB-A Port	3.6-6V/3A, 6.5-9V/2A, 9-12V/1.5A, 18W Max
USB-A Port (2)	5V/2.4A Each, 3.4A Total Max
USB-C PD Port	5-20V, 60W Max
Cig Lighter Port	11-17V/10A Max
D-Tap Port	11-17V/10A Max
Total	300W Max

Input

DC Input Port	12-25V, 50W Max
USB-C Port	5-20V, 60W Max
Total	110W Max
